

linea®
with accents

Delivering design options to put lighting where it's needed.

The Linea family is expertly crafted to drive design scenarios while seamlessly providing the freedom to create truly dynamic spaces. A synthesis of aesthetics, performance and energy efficiency, Linea delivers on its promises. Like the rest of the product family, the four new Linea solutions provide design options to spaces that require elegance and beauty while delivering real energy and maintenance savings. The four new solutions offer surface mount adjustable accents or flush mounted downlight to suit any design.
