

PT Crook Brackets

PROJECT:

TYPE:

Description

Fabricated brackets made with structural extruded aluminum and cast aluminum decorative elements. Designed for mounting of pendant style fixtures.

Construction

An extruded aluminum arm is welded to a cast aluminum fitter (PT01 and PT40) or an extruded center column (PT12, PT41R & PT42R). An Amerlux proprietary fixture fitting is included for luminaire mounting.

Installation

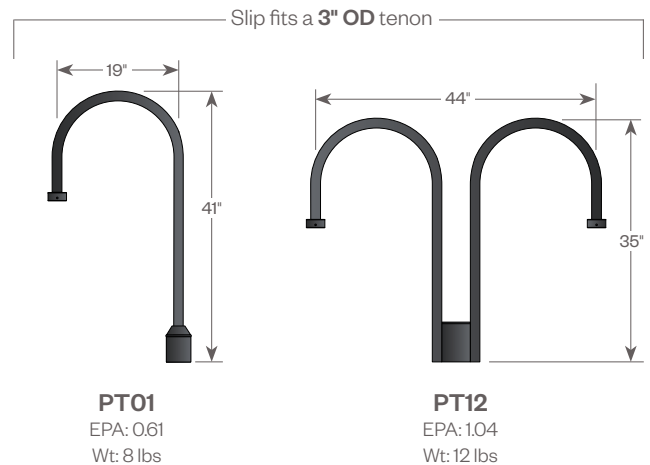

The bracket will slip fit over the pole top or tenon shown and will attach with (6) 5/16 set screws. The luminaire (ordered separately) will attach to the proprietary threaded coupling of the bracket and can be oriented in any direction prior to tightening. Bracket and luminaire combinations are limited to those shown.

Finish

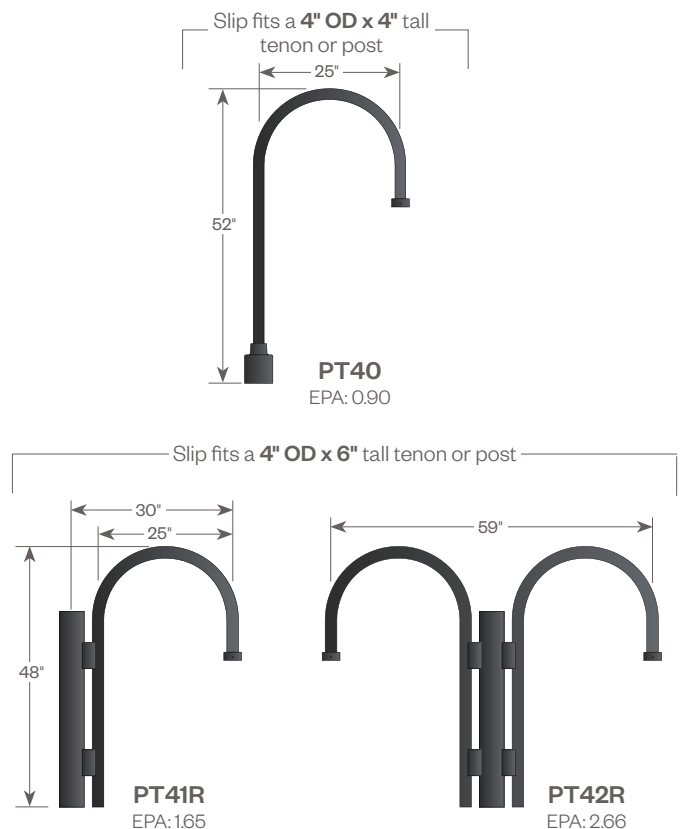

The bracket will be finished with a premium quality thermoset polyester powdercoat for a durable finish.

- Satin Black (**BLK**)
- Classic Bronze (**CLB**)
- Gloss Textured Bronze (**GBZ**)
- Green (**GRN**)
- Gloss Textured Black (**GTB**)
- Textured Black (**TBK**)
