

Amerlux® appoints Sheila Delk to Director of Sales, National Accounts West

OAKLAND, N.J. --- Amerlux® CEO/President Chuck Campagna has announced the appointment of Sheila Delk to Director of Sales, National Accounts West. Ms. Delk reports directly to John Mamo, Vice President of Global National Accounts.

“Sheila has over 20 years of national account lighting sales experience including roles in the turnkey contractor, lighting retrofit, distribution and manufacturer market segments,” said Mr. Campagna. “We are positive that national account distributors and clients will enjoy working with Sheila as she is a talented, forward-thinking sales executive.”

In her new position, she will secure Amerlux specifications with National and Global accounts, developing relationships with lighting designers, national account distributors and end users in the western region of the U.S. In addition, Ms. Delk will provide product training and demonstrations for clients and sales agencies, and help manage projects from design and product selection, through installation.

Prior to joining Amerlux, she served as Corporate Accounts Manager West, for both Soraa in Fremont, California, and Acuity Brands in Conyers, Georgia.

She is a member of NALMCO, an International Association of Lighting Management Companies, and a Certified Sustainability Lighting Consultant and Certified Lighting Management Consultant.

Ms. Delk graduated with a Business Management major and BS degree from California State University in San Marcos.

About Amerlux LLC

Amerlux® creates lighting designed around its customers and will stop at nothing to help

realize their vision. Amerlux works closely with customers every step of the way, from design through construction, to ensure total success and total satisfaction. Amerlux is fueled by a passion to consistently deliver in a fraction of the time of competitors, even on short-run custom orders, and that includes making sure every order is accurate, every product performs flawlessly, and every customer is successful.

Amerlux speaks the language of light for design and construction professionals around the world by manufacturing a broad array of optically superior, energy efficient lighting solutions for the retail, supermarket, hospitality, commercial and exterior lighting markets. Amerlux products and services include track lighting, recessed downlighting and multiples, pendants, linear systems, and custom lighting solutions, as well as support for energy reduction plans that can be used as a guide to state, city and local utility rebate programs for maximum energy savings and utility incentives. The company's domestic and international clients receive the support of Amerlux's highly trained specification sales force, as well as expert service from initial design to on-time delivery made possible by strategically located manufacturing, warehousing and shipping locations.
