

PT Crook Brackets

PROJECT:

TYPE:

Features

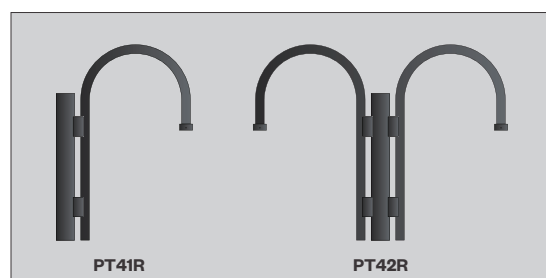

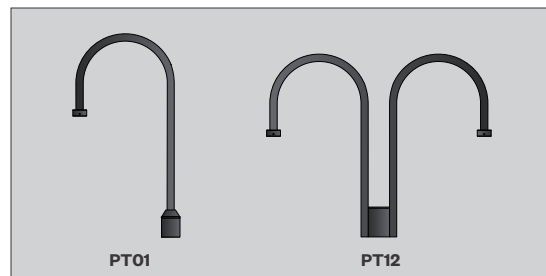

Fabricated brackets made with structural extruded aluminum and cast aluminum decorative elements. Designed for mounting of pendant style fixtures.

Product Overview

Type: PT Crook Bracket

Arm: Single or Double

EPA: PT01: 0.61
PT12: 1.04
PT40: 0.90
PT41R: 1.65
PT42R: 2.66

Fixture Summary

Construction:

An extruded aluminum arm is welded to a cast aluminum fitter (*PT01 & PT40*) or an extruded center column (*PT12 & PT41R*). An Amerlux proprietary fixture fitting is included for luminaire mounting.

Installation:

The bracket will slip fit over the pole top or tenon shown and will attach with (6) 5/16 set screws. The luminaire (*ordered separately*) will attach to the proprietary threaded coupling of the bracket and can be oriented in any direction prior to tightening. Bracket and luminaire combinations are limited to those shown.

Finish:

The bracket will be finished with a premium quality thermoset polyester powdercoat for a durable finish.
